Summary

Data Scientist with 6+ years of experience building machine learning models and data-driven solutions. Proven track record of improving business metrics through predictive analytics, with expertise in Python, SQL, and cloud technologies. Strong background in statistical modeling and deploying scalable ML systems.

Professional Experience

Senior Data Scientist

TechCorp Inc.

2020 – Present

San Francisco, CA

- Led key initiatives resulting in measurable business impact and improved operational efficiency. Built machine learning models that improved customer retention by 23% using Python and scikit-learn
- Led a team of 3 data scientists to develop recommendation systems serving 2M+ daily users
- Deployed production pipelines using AWS and Docker, reducing model inference time by 40%

Data Scientist

Deployed production pipelines using AWS and Docker, reducing model inference time by 40%

2017 – 2020

Palo Alto, CA

- Developed predictive models for demand forecasting with 85% accuracy using XGBoost and TensorFlow
- Created interactive dashboards in Tableau and Power BI for executive stakeholders
- Automated data processing workflows, saving 15 hours per week of manual work

Data Analyst

StartupHub

2015 – 2017

San Jose, CA

- Analyzed user behavior data to identify key growth opportunities, resulting in 30% user engagement increase
- Performed A/B testing and statistical analysis to optimize product features
- Built SQL queries and ETL pipelines to process 10M+ daily records

Education

Master of Science in Data Science

University of California, Berkeley

2017 – 2019

Berkeley, CA

Bachelor of Science in Computer Science

University of California, Los Angeles

2013 – 2017

Los Angeles, CA

Technical Skills

Programming & Frameworks: Python, JavaScript, React, Node.js, Django, Flask

Tools & Technologies: Git, AWS, Spark, Tableau, Jupyter, Docker, PostgreSQL, MongoDB, CI/CD

Volunteering

- **Tech Mentor** at Local Nonprofit Organization, 2021 – Present

Hobbies

- Gardening
- Playing Board Games
- Reading Science Fiction

Certificates

- **Python Programming:** Python Programming A to Z by Coursera
- **Project Management:** Introduction to Project Management - PMI 2022
